

## Visit of Toyama delegation March 2010

A Japanese delegation from our partner university of Toyama (*Toyama University of International Studies*) did visit Brittany in March 2010. Besides meetings with Quimper Mayor and tour of a few local companies (Britt & HB-Henriot), delegation spent one week on ISUGA campus for attending various language & culture classes with ISUGA French students.

Japanese delegation was headed by Professor Mieko FUKUSHIMA and included 7 students with management, tourism & communication majors.
