

Promotion in China May 2010

During a 15 days trip to Japan, ISUGA director, Mr Herve SALKIN, did visit local academic partners in Shandong, Gansu & Qinghai provinces.

Contacts with new potential partners were initiated in Shanghai & Yantai, too. These cooperations allow students & faculty exchanges: ISUGA French students get opportunity to stay for several months on campus of Chinese partner universities which in turn send some of their Chinese students to France.

During same trip Mr Herve SALKIN could meet as well a few French & Chinese alumni presently employed by local Chinese companies or subsidiaries of European groups .
